AI TRAINING · PROJECT MANAGEMENT
for Schools, Universities & Government

Practical AI your teams will *actually use.*

We teach your staff to use AI safely and effectively, then build the tools with them. Hands-on training led by a federal delivery and training leader, built for public-sector rules and real workloads.

K–12 School Systems | Colleges & Universities | County & Municipal Gov't | Federal Agencies & Primes

OUR APPROACH

01 Assess **02 Teach** **03 Build** **04 Sustain**

RESPONSIBLE AI & DATA PRIVACY

- Staff learn never to enter student or employee personal data into public AI tools
- Aligned with FERPA and your organization's AI-use policies
- Human review of AI output built into every workflow we teach
- Vendor-neutral: we train on the tools you've already approved

PROJECT & PROGRAM MANAGEMENT

- **PMO & project management support** · planning, scheduling, risk, status reporting
- **Agile & SAFe coaching** · team launches, transformation, Scrum Master support
- **Project monitoring & evaluation** · health checks, metrics, delivery recovery
